## SUPERVISORS MEET IN REGULAR AND EXTRA SESSIONS

Many Matters of New Business, Including San Carlos School, Sky-Line Boulevard, and Resort Problem.

The Board of Supervisors met in regular session Monday, November 13, there being present Jos. M. Francis, presiding; Jas. T. Casey, Wm. H. Brown, John MacBain and C. V. Thompson.

A communication was received from Carr & Kennedy, attorneys at law in Redding, relative to an account for cars with the Ocean Shore Railroad Company amounting to \$244, and which James Willison, the contractor, incurred while performing certain work for the county. According to Willison, who is now in Redding, the county was to stand one-half the expense of the work. He has already paid \$144 of the account and does not desire to pay the balance until he is assured that he will be reimbursed by the county the amount it owes.

The matter was referred to the clerk on motion of Brown and MacBain to look up the minutes covering the case.

A petition signed by H. C. Tuchs, sen, Jos. H. Nash and others, was received, asking the board to widen and improve the Tunitas county road from the Sky-line boulevard to Tunitas. The petitioners agreed to furnish all necessary rock, earth, stone and gravel from their premises for the above improvement.

On motion of MacBain, seconded by Brown, the petition was referred to Surveyor Neuman and Supervisors Brown, Francis and MacBain, the standing committee, that had been appointed at a previous meeting to look into several matters concerning roadside roads.

A communication was received from the Pacific Portland Cement Co. of San Francisco informing the board that a claim they held against Egston & Smith, contractors, for supplies furnished the latter while they were building county highway between Hillsborough and Crystal Springs had been settled and paid. The communication was ordered filed.

A communication from the Down Town Association of San Francisco inviting the members of the Board to attend the luncheon at the St. Francis Hotel Wednesday noon in connection with the Dumbarton bridge project was received and ordered filed.

A communication was received from Harold Ide Cruzan, attorney at law, representing certain clients in the Swift subdivision fronting on Walnut avenue in the town of Belmont calling attention to the fact that the roadway adjacent to the new state highway is below the grade line of the latter. The property owners in the tract are willing to install sidewalks but hesitate doing so until the proper grade is established.

The matter was ordered referred to Supervisor Brown in whose district the tract is located.

County Surveyor J. V. Neuman addressed a communication to the board stating that the contract for the construction of the road on Seminary avenue in the Second Township by Peterson & Greer was completed and ready for acceptance on October 2nd. On motion of Brown seconded by MacBain the report including the recommendation was accepted.

Architect W. H. Toepke addressed the board in reference to the several bids that had been opened at the last meeting of the board for the installation of the oil burning system in the basement of the court house. Toepke stated that the bid of Gilley & Schmid, while \$32 higher than the lowest one submitted, called for two burners instead of one and he considered the system the firm intended installing superior to any other.

Upon the architect's recommendation the contract was awarded to Gilley & Schmid on motion of MacBain seconded by Brown. Their bid was \$610.

Toepke then addressed the board in regard to the building of a garage in the rear of the new jail. He submitted a rough plan showing how the garage could be built on the north side of the building at a probable cost of \$854. The matter was referred to the building committee of the jail to report as soon as possible.

Petitions were received from A. Carbori, proprietor of "Princeton Beach Inn," P. Gianni of the "Miramar," and S. Petroni of Princeton-by-the-Sea, for permits to conduct dances in connection with their places of business.

Upon the recommendation of Chairman Francis in whose district the three saloons are located and on motion of Casey seconded by MacBain the requests of Carbori and Petroni were granted, on roll call all members voting yes excepting Brown who voted no. Supervisor Brown addressed the board before the roll call was taken and stated that he wished to record his objections to the granting of the permits. "I am opposed to saloons and dance halls being run in conjunction with each other," he

said. "The two cannot mix. I have always opposed the proposition and that is why I voted against the ordinance itself. There isn't a saloon man in the city of San Mateo who would tolerate dancing in connection with his saloon business."

The application of P. Gianni was ordered laid on the table. R. W. MacDonald of Lomita Park addressed the board in reference to certain improvements to be carried out by the Lomita Park Improvement Company.

Following a motion by Brown which was seconded by MacBain that the matter be laid over until the first meeting in December, a discussion took place between the members of the board, District Attorney Swart who was called in to give legal advice MacDonald, S. K. Fraser and Andrew Y. Wood, the two latter being property owners in the proposed new improvement district. Both Fraser and Wood favored the work being done but the latter did not think it was right that he should be taxed for the improvements inasmuch as he had already carried out the proposed work along his own property. The motion to lay the matter over then carried, all voting "yes" with the exception of Casey.

A resolution, prepared by MacDonald covering the above matter was ordered referred to District Attorney Swart for a written opinion thereon.

The report of County Auditor J. J. Shields showing the aggregate amount of allowances that can be made against the several funds of the county for the month of November was received and ordered filed.

On motion of Casey seconded by MacBain the application of M. O. Anderson for a class "A" liquor license was rejected.

A. L. Silva of Pescadero was granted a liquor license in the Fifth Township he having complied with the county ordinance and furnished the required bond.

The application of J. S. Manuel for a class "A" liquor license in the Fourth Township was given its first reading.

A petition signed by C. Lagomarsino and other residents of the Colma lighting district asking for the installation of a light at the corner of Edgeworth and Nineteen streets in the town of Colma was granted on motion of Casey seconded by MacBain.

The board then took up the canvassing of the general election held November 7th. At 4 o'clock the board adjourned until Tuesday, November 14, to complete the canvass.

### Tuesday's Adjourned Session

The Board of Supervisors met in adjourned session Tuesday morning, November 14, 10 a. m., there being present Joseph M. Francis, presiding; Jas. T. Casey, Wm. H. Brown, John MacBain. Absent, C. V. Thompson.

C. A. Buck of Burlingame presented a claim of \$33 to the board for drayage furnished Eaton & Smith, the contractors in the construction of the Hillsborough to Crystal Springs road and asked that above amount be deducted from the contractors' payment.

The protest of Buck was honored by the supervisors on motion of Brown, seconded by MacBain and the auditor was notified accordingly.

The board having completed the canvass of the election returns of November 7th, it was ordered on motion of Brown seconded by MacBain that the result as shown on the tally sheets be declared the official count.

On motion of Casey seconded by Brown it was ordered that the county treasurer and auditor be instructed to transfer the sum of \$1900 from the first road fund to the fourth road fund on December 20, 1916.

District Attorney Swart presented the proceedings relative to the election held at San Carlos November 6, for the purpose of bonding the San Carlos school district in the sum of \$15,000 to purchase a lot and to build a new school. A resolution authorizing the issuance of the above bonds in denominations of \$1000 each with interest at the rate of 5 per cent per annum was adopted on motion of Brown seconded by MacBain.

On motion of MacBain seconded by Brown it was ordered that D. MacKenzie the superintendent in charge of the construction of the new county jail on Webster street in Redwood City proceed with the building of a garage in the rear of the jail lot on the north side of the building, the cost of same not to exceed the sum of \$700. The garage is to be built under the direction of the Board of Supervisors.

A communication was received from Richard J. Welsh, chairman of the street committee of the San Francisco Board of Supervisors, enclosing a resolution asking the San Mateo County supervisors to cooperate with the boards of Santa Cruz, Santa Clara and San Francisco counties in the construction of the proposed Ski-line boulevard from the latter city to Santa Cruz. The communication suggested the holding of a meeting in this city at an early date which would be attended by all parties interested. The supervisors directed Clerk Nash, on motion of MacBain seconded by Brown, to write Supervisor Welsh and inform him that the board would be willing to meet him and the committee at any time.

District Attorney Swart addressed the board and stated that a typographical error had been made in the resolutions passed so time ago transferring certain property included in Belmont and Redwood City school districts to the West Union school district. A resolution presented by the district attorney correcting the above error was adopted on motion of Brown seconded by MacBain.

The board adjourned at 12 o'clock m. to meet Monday, November 20.

### LAUGH, CEASE WORRYING

Read philosophy of the Polls; out of the war comes wit. Edgar Walter, sculptor, has received from a friend philosophy of the Polls, trenchant and truly Gallic. Henri Ravenau, a Paris businessman now at the front in France, serving as sergeant with the engineers, sent it to America, with the note that it was popular in the trenches and it was passed on to Walter. It follows:

You have two alternatives—either you are mobilized, or you are not. If not, you have nothing to worry about.

If you are you have two alternatives—either you are in camp or at the front. If you are in camp you have nothing to worry about.

If you are at the front you have two alternatives—either you are in reserve or you are on the fighting line. If in reserve, you have nothing to worry about.

If you are on the fighting line you have two alternatives—either you have scrap or you don't. If you don't you have nothing to worry about.

If you scrap you have two alternatives—either you get hurt or you don't. If you don't, you have nothing to worry about.

If you get hurt, you have two alternatives—either you get slightly hurt or you get badly hurt. If slightly hurt you have nothing to worry about.

If you get badly hurt, you have two alternatives—either you recover or you don't. If you recover you have nothing to worry about. If you don't you have done with worry forever.

## THE WEEK'S EVENTS IN LOCAL CIRCLES

### Redwood City as Seen Through Incidents Gathered Here and There

Joseph Kerr formerly of Redwood City motored down from San Francisco in his new car last Sunday and greeted many friends in Redwood City.

Judge Seely is recovering from a slight attack of lagrippe. He has not been feeling well lately and his friends are glad to see him well again.

Fred W. Thompson and family of Woodside moved from Woodside Saturday and have taken a home in Redwood. Mr. Thompson is connected with Neuman Bros. and was formerly superintendent of the P. C. Hale ranch near Woodside.

Norman McKee, formerly a local high school student, had the misfortune of breaking his right arm below the elbow on Tuesday last. He is now attending the Drew School in San Francisco and his accident has not interfered with his studies.

Alex. F. Gomez of Monterey spent several days this week in Redwood, visiting his brother, Faxon Gomez.

Kenneth Rice, son of T. C. Rice, returned yesterday on the U. S. Transport Sherman. Young Rice enjoyed his trip. He saw many things new and strange to him.

William Curran has recovered from his recent injury sustained to his foot and has returned to his position in San Francisco. Mr. Curran is a salesman for A. Carlisle and Co.

Beebe and Aylworth have leased the Cronk stables on Broadway owned by P. J. Foley and his partner for a long period. Concrete floors have been put down and the interior of the structure improved. The firm is to conduct an automobile storage concern. They are experienced in that line of business and hope to meet with success in the undertaking.

Chase Littlejohn, a former member of the town council and at present president of the local grammar school board, returned during the week accompanied by his attractive bride from their honeymoon. Mrs. Littlejohn was formerly Mrs. Anna M. Snyder of Berkeley. The couple was married by Rev. Archer in San Francisco on November 8th.

Miss Elsie Muller the pretty and accomplished daughter of Mr. and Mrs. Carl Muller of this city, will be given a kitchen shower by Miss Emma and Lucille Holden at their home on Stambaugh street this afternoon. Many of the young ladies' friends and admirers will be present. Miss Muller is to be married next month and before that eventful time many functions will be given in her honor by her numerous girl friends.

A. Y. Bollinger this week shipped 125 tons of hay in two schooners to San Francisco. The hay was raised on the Sweeney ranch which has been leased for the past two seasons by Mr. Bollinger. He received the attractive price of \$20 a ton for the hay. There is a big demand for that product at present owing to a scarcity and to the further fact that the United States government is shipping large quantities to the Philippines and to the islands.

The Rev. Charles Verleger the popular pastor of St. Peter's Episcopal church in this city will soon leave his charge here to accept a call from a larger parish in another portion of the state. Mr. Verleger during his stay in Redwood City has made a great many friends and much regret is expressed on all sides on account of his leaving. Last evening he gave a reception and dinner to several of his friends at Hotel Sequoia at which he has stopped during his residence in Redwood City.

Thomas Stevens, a native of England, aged 79 years, died in Santa Clara county on Thursday. The remains were brought to the parlors of the Redwood City Undertaking Co. The funeral will take place this afternoon at 2 o'clock and interment is to be in Union Cemetery. The deceased was a pioneer of the county. Before the passing of the late Denis Martin, Stevens was for a great many years employed on the Martin ranch at Portola. Mr. Stevens was an uncle of John Stevens of this city.

The debaters of the local high school will compete tonight with the embryo orators of Campbell and Santa Cruz High Schools. Camilla Stafford and Donald Thompson uphold the affirmative of the question, "Resolved that the Direct Primary should be abolished in California," against Santa Cruz High School, in the local High School assembly hall at 7:30 p. m. Gordon Seely and John McKee go to debate the negative side of the question against the speakers of Campbell High School at Campbell. Cornelius Cullen, the young son of Mr. and Mrs. Cornelius Cullen of this city, met with a painful accident last Tuesday while attending school at the convent. A companion picked up a torpedo on the railroad track and brought it to school. Young Cullen threw a rock at it while it lay on the ground. The torpedo exploded and a small particle of gravel struck him in the eye making a serious wound. The boy was taken to an oculist at Palo Alto and for a time it was feared that the sight of the optic would be lost. Late yesterday the parents were assured that the sight would be saved and that no serious results would occur from the accident.

## NEW OPERETTA TO BE PRESENTED

The operetta to be given by the High School November 24th at the Alhambra is "Little Almond Eyes," a Chinese sketch in two acts. The emperor has the task of selecting a wife from among a group of Chinese maidens. He selects Little Almond Eyes but she has other interests and has consented to wed Wang-Ho, captain of the guard. How these two young people outwit the emperor and finally persuade him that it is to his best interests not to marry Little Almond Eyes forms the theme of the operetta. The principals and chorus are being carefully trained by Mr. Carrington and all prospects are for a bright and pleasing production. The costumes, all Chinese, are being made by the domestic science department under the direction of Miss Truman. All of them will be full of color and very pleasing, some of them being gorgeous in their trimmings. The cast and chorus for the operetta follows:

The Emperor Ming of Cathay, Chas. Faso. Wang-Ho, captain of the guard and lover of Little Almond Eyes, Forrest Moody. Ping-Po, master of ceremonies of the court of Cathay, Wesley Locker.

Pee-Fo-Fum, lieutenant of the guard, Chas. Heller. Miss Lotus Leaf, Dooms, the prophetess (prospective bride), Camilla Stafford. Miss Tip-Toe (prospective bride) Mildred Lamb.

Miss Lady Slipper (prospective bride) Jessie Duggan. Miss Deer-Foot (prospective bride) Viola Kanel.

Little Almond Eyes (prospective bride) Marie Uhlenberg. Chorus of prospective brides—Baly George, Blanche Ross, Adelaide Butts, Lila Goodrich, Annie Walker, Elaine Crowell, Marguerite Muller, Dorothy Dearborn, Dorothy Breesse, Helen Corwin, Marie Gunther.

Chorus of courtiers—Loren O'Connell, Gustis O'Connell, Oscar Olson, Robert Murray, Louis Behrens.

## FIRST NATIONAL BANKING GROWTH

### Both Its Commercial and Savings Departments Show Steady and Substantial Gains

A special meeting of the stockholders of the San Mateo County Savings Bank was held and by unanimous consent, the capital stock of the bank was increased from \$50,000 to \$100,000. This, coming so soon after the increase of the capital stock of the First National Bank from \$100,000 to \$200,000, is evidence of the faith the stockholders of these banks have in the growth and future development of the peninsula, especially the territory from which most of their business is drawn.

In an interview with L. P. Behrens, who by the way was the projector of these banks, and under his efficient management and watchful eye they have grown to be among the strongest and largest interior banks, being by far the strongest between San Jose and San Francisco, he says this was made possible only by the co-operation and direction of a splendid board of directors and loyalty and good-will of the office force combined with the fullest support of the people of the county, for which as manager of the banks he is most grateful.

He informs us that the First National Bank was organized as a state bank twenty-six years ago and converted into the national system twelve years ago and is now a member of the great Federal Reserve Bank of the United States. The San Mateo County Savings Bank was organized in 1904. These joint banks have a paid up capital, surplus and undivided profits of \$500,000, total resources of nearly one and three-quarter million dollars.

The banks have always had a strong board of directors with few changes and three of the first board of directors still serve and are active in the directorate, namely, J. L. Ross, P. P. Chamberlain and L. P. Behrens, who have held the offices of president, vice president and cashier continuously since they were incorporated. F. K. Towne, the genial assistant cashier, has been with the bank since the day of its opening and is always at his post with a willingness to please.

The banks' influence has been felt for good in many ways and aided in the up-building and onward march of progress of Redwood City and our entire county.

If evidence in this direction is needed, we would point you to their beautiful bank and office building with its armor plate burglar proof vaults up to the minute interior fixtures and furniture. The "stone building on the corner" as it is generally called, the home of these banks, is certainly one of the busiest places in town and has an atmosphere of warmth; the officers always on duty to serve and are just as willing to accommodate old customers in the way of granting loans or in good counsel as to receive new accounts. Their watchword seems to be to please. Under such circumstances they will continue to grow in size as well as importance.

Estate of Alice S. Coleman, deceased. Account allowed and petition for distribution granted.

Estate and guardianship of Margaret Flynn, an incompetent person. Account of guardian, Mary F. Dickey, allowed and settled and guardian discharged. Guardian allowed fees in the sum of \$150 and her attorney granted fees in the sum of \$75.

Estate of S. F. Earl, deceased. Petition for partial distribution granted.

Estate of Mary B. Hansen, deceased. Petition of W. A. Brooke for partial distribution submitted.

Estate and guardianship of Frances M. Upton, an incompetent person. Account of guardian allowed and settled and guardian discharged. Percy E. Towne appointed guardian with bond fixed at \$20,000.

#### SUITS DISMISSED—

The suit of E. R. Dimond against the Portola Investment Company has been dismissed in the superior court. The notice of dismissal was filed in the county clerk's office Thursday. The action has been pending for some time. It was brought to settle the water rights of each to the Dennis Martin creek. Both parties to the suit own land adjoining the stream at Portola.

The divorce case of Ida C. Cardozo against her husband, Antone J. Cardozo, was dismissed in the superior court on Thursday. The notice of dismissal was filed in the county clerk's office yesterday. The suit was only filed last week. The defendant is a wealthy resident of Halfmoon Bay. Cruelty was the ground on which action was based. They were married at San Francisco on August 21, 1912. The community property consists of a house at Halfmoon Bay valued at \$1500, a barn worth \$200, household furniture valued at \$150, cash in the Hibernia Bank, San Francisco amounting to \$800, cash in the Bank of Halfmoon Bay amounting to \$1500 and cash in the possession of Antone J. Cardozo Sr. amounting to \$2,000. Plaintiff alleged that defendant is in receipt of an income of \$150 a month. Mrs. Cardozo asked for a division of the community property, the custody of the minor child and the sum of \$40 a month for support and maintenance of the minor, costs of suit and attorney fees.
